December 21, 2022

British Columbia Utilities Commission
Suite 410, 900 Howe Street
Vancouver, B.C. V6Z 2N3

Attention: Ms. Sara Hardgrave, Acting Commission Secretary

Dear Ms. Hardgrave:

Re: FortisBC Inc. (FBC)

Application for Approval of a Deferral Account for Electric Vehicle Workplace and Fleet Charging Funding (Application)

Reply Submissions on Response to the British Columbia Utilities Commission (BCUC) Panel Information Request (IR) No. 1

In accordance with the regulatory timetable set by Order G-340-22, FBC writes to file these reply submissions on its responses to Panel IR No. 1.

The CEC, BCSEA and Mr. Flintoff's submissions on FBC's responses to Panel IR No. 1 express general support for FBC's Program as a prescribed undertaking, and either support or do not object to FBC's revised start date of January 2023 with a reduced incentive. In reply to Mr. Flintoff's preference for a 3 percent inflation scenario, FBC has reasonably and conservatively adjusted its Program incentive based on a revised start date of January 2023 so that the Program is reasonably determined to be cost-effective based on FBC's assumptions and, as such, is a prescribed undertaking.

As the Program is a prescribed undertaking, FBC respectfully requests that the BCUC approve the Electric Vehicle Workplace and Fleet Charging Funding Account to capture the costs of implementing the undertaking as set out in the Application.

If further information is required, please contact the undersigned.

Sincerely,

FORTISBC INC.
