Supplementary Information to Condensed Consolidated Statements of Cash Flows (note 8).

See accompanying notes to these Condensed Consolidated Interim Financial Statements.

1. DESCRIPTION OF THE BUSINESS

FortisBC Inc. (“FBC” or the “Corporation”) is a wholly-owned subsidiary of FortisBC Pacific Holdings Inc. (“FortisBC Pacific”), which is an indirect wholly-owned subsidiary of Fortis Inc. (“Fortis”). Fortis shares are listed on both the Toronto Stock Exchange and the New York Stock Exchange.

FBC is an integrated, regulated electric utility operating in the southern interior of British Columbia (“BC”), serving approximately 200,900 customers directly and indirectly. The Corporation’s business includes four hydroelectric generating plants, approximately 7,380 kilometers of transmission and distribution power lines, and a historical peak demand of 835 megawatts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

These Condensed Consolidated Interim Financial Statements ("Interim Financial Statements") have been prepared by management in accordance with accounting principles generally accepted in the United States of America (“US GAAP”) for Interim Financial Statements and are presented in Canadian dollars unless otherwise specified. As a result, these Interim Financial Statements do not include all the information and disclosures required in annual financial statements and should be read in conjunction with the Corporation’s 2025 Annual Audited Consolidated Financial Statements ("Annual Financial Statements"). In management’s opinion, the Interim Financial Statements include all adjustments that are necessary to present fairly the consolidated financial position, results of operations, and cash flows of the Corporation. Prior year comparatives in the Condensed Consolidated Statements of Cash Flows have been recast to align with current year presentation.

The accounting policies and methods of application used in the preparation of these Interim Financial Statements are consistent with the accounting policies used in FBC’s Annual Financial Statements as at and for the year ended December 31, 2025.

The Interim Financial Statements include the accounts of the Corporation and its subsidiaries. All intercompany transactions and balances have been eliminated upon consolidation.

An evaluation of subsequent events through November 2, 2026, the date these Interim Financial Statements were issued, was completed to determine whether any circumstances warranted recognition or disclosure of events or transactions in the Interim Financial Statements as at September 30, 2026. No subsequent events have been identified for disclosure in these Interim Financial Statements.

New Accounting Policies

FBC considers the applicability and impact of all Accounting Standards Updates ("ASUs") issued by the Financial Accounting Standards Board (“FASB”). During the nine months ended September 30, 2026, there were no ASUs issued by FASB that have a material impact on these Interim Financial Statements.

Future Accounting Pronouncements

The following updates have been issued by FASB, but have not yet been adopted by the Corporation. Any ASUs issued by FASB that are not included in the Interim Financial Statements were assessed and determined to be either not applicable to the Corporation or not expected to have a material impact on the Interim Financial Statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Disaggregation of Income Statement Expenses

ASU No. 2024-03, *Disaggregation of Income Statement Expenses*, issued in November 2024, is effective for the Corporation's December 31, 2027 annual financial statements, and for interim periods beginning in 2028 on a prospective basis, with retrospective application and early adoption permitted. The ASU requires entities to disclose disaggregated information about five expense categories underlying its income statement line items. The Corporation is assessing the impact of adoption of this ASU on the disclosures to its consolidated financial statements.

Targeted Improvements to the Accounting for Internal-Use Software

ASU No. 2025-06, *Targeted Improvements to the Accounting for Internal-Use Software*, issued in September 2025, is effective for the Corporation's December 31, 2028 annual financial statements, and may be adopted prospectively, retrospectively, or using a modified transition approach, with early adoption permitted. The ASU removes references to development stages and requires capitalization of software costs once funding is authorized and project completion is probable, including assessment of whether significant development uncertainty exists. The guidance also clarifies that all capitalized internal-use software costs must follow the disclosure requirements in ASC Topic 360, *Property, Plant and Equipment*. The Corporation is assessing the impact of adoption of this ASU on its consolidated financial statements.

Environmental Credits and Environmental Credit Obligations

ASU No. 2026-02, *Environmental Credits and Environmental Credit Obligations (ASC Topic 818)*, issued in May 2026, is effective for the Corporation's December 31, 2028 annual financial statements. The ASU establishes guidance on the recognition, measurement, presentation, and disclosure of environmental credits and environmental credit obligations. Under the new standard, an entity will recognize and measure environmental credit assets based on their intended use, as well as how the credits are obtained. Environmental credit obligations will be recognized and measured depending on whether an entity holds and expects to use compliance environmental credits to settle that obligation. The Corporation is assessing the impact of adoption of this ASU on its consolidated financial statements.

3. REGULATORY MATTERS

Rate Framework for 2025 to 2027 (“Rate Framework”)

In March 2025, the BCUC issued its decision on FBC and FEI's application requesting approval of a Rate Framework for the years 2025 to 2027. The Rate Framework builds upon the 2020-2024 Multi-Year Rate Plan ("MRP") and for FBC includes, amongst other items, updates to depreciation and capitalized overhead rates, a revised level of operation and maintenance expense per customer indexed for inflation less a fixed productivity adjustment factor, a forecast approach to growth, sustainment and other capital, an updated set of service quality indicators designed to ensure the Corporation maintains service levels, and a continued 50/50 sharing between customers and the Corporation of variances from the allowed return on equity ("ROE"). The Rate Framework also includes a continuation of the main deferral mechanisms that were in place under the MRP.

In December 2025, the BCUC approved a 2026 rate increase of 3.63 percent over 2025 rates, and a 2026 forecast average rate base of $1,897 million.

4. SEASONALITY OF OPERATIONS

Interim results fluctuate due to the seasonal demands for electricity, the timing of incurring costs, the movements of electricity prices, and the timing and recognition of regulatory decisions. FBC's operations generally produce higher net earnings in the second quarter due to the timing of power purchases, with lower net earnings in the third quarter and higher net earnings in the first and fourth quarters due to variances in customer load as a result of weather. Certain expenses such as depreciation, interest and operating expenses remain more evenly distributed throughout the fiscal year. As a result of the seasonality, interim net earnings are not indicative of net earnings on an annual basis.

5. REVENUE

Disaggregation of Revenue

The following table presents the disaggregation of the Corporation's revenue by type of customer:

	Quarter ended September 30		Nine months ended September 30	
($ millions)	**2026**	2025	**2026**	2025
Residential	**58**	58	**177**	176
Commercial	**34**	34	**103**	98
Wholesale	**15**	14	**46**	45
Industrial	**16**	17	**47**	52
Total electricity revenue	**123**	123	**373**	371
Other contract revenue (a)	**12**	11	**32**	30
Total revenue from contracts with customers	**135**	134	**405**	401
Alternative revenue (b)	**(3)**	-	**13**	3
Other revenue (c)	**(2)**	(2)	**(16)**	(4)
Total revenue	**130**	132	**402**	400

(a) Other contract revenue includes utility customer connection fees, surplus power sales, revenue from third party contract work, and pole attachments.

(b) Alternative revenue includes the Earnings Sharing Mechanism, which recognizes the 50/50 sharing of variances from the allowed ROE, and flow-through variances related to tariff-based revenue.

(c) Other revenue is primarily comprised of other flow-through and regulatory deferral adjustments resulting from cost recovery variances in regulated forecasts used to set rates for electricity revenue.

6. FINANCE CHARGES

	Quarter ended September 30		Nine months ended September 30	
($ millions)	**2026**	2025	**2026**	2025
Interest on long-term debt	**12**	11	**35**	34
Interest on short-term debt	**1**	1	**3**	2
Debt component of allowance for funds used during construction	**-**	-	**(1)**	-
Net interest on debt	**13**	12	**37**	36
Interest on finance leases	**8**	8	**25**	24
Total finance charges	**21**	20	**62**	60

7. EMPLOYEE FUTURE BENEFITS

The Corporation is a sponsor of pension plans for eligible employees. The plans include registered defined benefit pension plans, the supplemental unfunded arrangements, and defined contribution plans. In addition to pensions, the Corporation provides other post-employment benefits ("OPEB") for certain of its retired employees. The following table presents the net benefit cost for these plans.

	Quarter ended September 30			
	Defined Benefit Pension and Supplemental Plans		OPEB Plans	
($ millions)	**2026**	2025	**2026**	2025
Components of net benefit cost				
Service costs	**1**	1	**1**	1
Interest costs	**3**	3	**-**	-
Expected return on plan assets	**(4)**	(4)	**-**	-
Amortization of actuarial losses (gains)	**1**	-	**(1)**	(1)
Net benefit cost	**1**	-	**-**	-

7. EMPLOYEE FUTURE BENEFITS (continued)

	Nine months ended September 30			
	Defined Benefit Pension and Supplemental Plans		OPEB Plans	
($ millions)	**2026**	2025	**2026**	2025
Components of net benefit cost				
Service costs	**3**	3	**1**	1
Interest costs	**10**	9	**1**	1
Expected return on plan assets	**(13)**	(12)	**-**	-
Amortization of actuarial losses (gains)	**1**	-	**(1)**	(1)
Regulatory adjustment	**(1)**	-	**-**	-
Net benefit cost	**-**	-	**1**	1

The Corporation's estimated annual 2026 contributions are $4 million (estimated 2025 contributions - $3 million) for defined benefit pension plans and $1 million (estimated 2025 contributions - $1 million) for OPEB plans.

8. SUPPLEMENTARY INFORMATION TO CONDENSED CONSOLIDATED STATEMENTS OF CASH FLOWS

	Quarter ended September 30		Nine months ended September 30	
($ millions)	**2026**	2025	**2026**	2025
Change in working capital				
Accounts receivable and other current assets	**(17)**	(14)	**(12)**	(1)

Regulatory assets	**9**	(5)	**4**	(5)
Accounts payable and other current liabilities	**29**	33	**10**	10
Regulatory liabilities	**-**	1	**(2)**	(2)
Total change in working capital	**23**	16	**(8)**	(7)

($ millions)	**2026**	2025
Non-cash Investing Activities as at September 30		
Accrued capital expenditures	**20**	16

9. FINANCIAL INSTRUMENTS

Financial Instruments Not Carried At Fair Value

The following table presents the carrying value, excluding unamortized debt issuance costs, and estimated fair value of the Corporation's long-term debt.

		As at			
		September 30, 2026		December 31, 2025	
($ millions)	Fair Value Hierarchy	**Carrying Value**	**Estimated Fair Value**	Carrying Value	Estimated Fair Value
Long-term debt	Level 2	**1,110**	**1,015**	960	914

Debentures

On August 11, 2026, the Corporation entered into an agreement to issue $150 million of unsecured Medium Term Note ("MTN") Debentures. The MTN Debentures bear interest at a rate of 5.369 percent, to be paid semi-annually, and mature on August 13, 2056. The closing of the issuance occurred on August 13, 2026, with net proceeds being used to repay borrowings on the operating credit facility.
