Attention: Mr. Patrick Wruck, Commission Secretary

Dear Mr. Wruck:

Re: FortisBC Energy Inc. (FEI)

Application for Approval of an Operating Agreement between the City of Prince George and FEI

FEI has entered into a new Operating Agreement dated October 19, 2021, with the City of Prince George (FEI-Prince George Operating Agreement), for which FEI is requesting approval from the British Columbia Utilities Commission (BCUC), pursuant to section 23(1)(g) of the *Utilities Commission Act* (UCA). A copy of the executed FEI-Prince George Operating Agreement is provided in Appendix A.

City of Prince George (City) is an Interior Municipality with an Expiring Franchise Agreement

By Order G-91-04, dated October 7, 2004, the BCUC approved a Lease-In-Lease-Out (LILO) arrangement between FEI (through its predecessor company Terasen Gas Inc.) and the City and granted a Certificate of Public Convenience and Necessity approving the Franchise Amendment Agreement dated November 1, 2004, between FEI and the City. FEI has exercised its early termination right in the LILO agreement,¹ which also terminates the Franchise Amendment Agreement, effective October 31, 2021. A copy of the Franchise Amendment Agreement is provided in Appendix B.

¹ LILO Agreement to Lease, Schedule B, Capital Lease, Section 3.2, Early Termination Option.

The FEI-Prince George Operating Agreement is Based on the Identical Terms as the FEI-Keremeos Operating Agreement

The FEI-Prince George Operating Agreement is consistent with the approved terms of the Village of Keremeos Operating Agreement² (Keremeos Terms).

The only changes in the FEI-Prince George Operating Agreement as compared to the Keremeos Terms are to make six very minor corrections. Three of the changes are to make typographical corrections to reflect the original intent or make dates more current. Three of the changes are consistent with revisions to the City of Kelowna Operating Agreement directed by the BCUC in Order G-81-19 and later approved by Order G-99-19, which include an update to referenced applicable legislation, addition of clarifying language, and an update to reference the Alternative Dispute Resolution Institute of Canada, Inc.

The following summarizes the six changes that have been made to the FEI-Prince George Operating Agreement as compared to the Keremeos Terms:

1. **Section 6.2**, third line, capitalization of utilities:
 - "...the Municipality's utilities..." now reads "...the Municipality's Utilities..."
2. **Section 6.4.1**, last line of the second paragraph, replacing "or" with "of":
 - "...non-use and want or repair." now reads "...non-use and want of repair."
3. **Section 11.1.1**, addition of clarifying language to reflect that the operating fee is not collected on revenues from Compressed Natural Gas (CNG) or Liquefied Natural Gas (LNG) services.
4. **Section 11.2**, last two lines of the paragraph, to update the years in the example to be more current:
 - "...on March 1, 2014 will be the amount received during the 2013 calendar year." now reads "...on March 1, 2019 will be the amount received during the 2018 calendar year..."
5. **Section 13.1.3**, line 4, update to current legislation
 - "...Gas Safety Act,..." with "...*Safety Standards Act*,..."
6. **Sections 17.1 and 17.2**, replaced reference to the Rules of Procedure of the Canadian Foundation for Dispute Resolution with the ADR Institute of Canada, Inc.

To assist the BCUC with its review, Appendix C contains a blacklined version showing all of the revisions to the FEI-Prince George Operating Agreement as compared to the Keremeos Terms.

Order Sought

The existing Franchise Agreement terminates on October 31, 2021, FEI requests approval from the BCUC, pursuant to section 23(1)(g) of the UCA, of the executed FEI-Prince George Operating Agreement on a permanent basis effective November 1, 2021. Should the BCUC

² Order C-8-14, dated July 24, 2014, approved the Village of Keremeos terms to be the basis for comparison in future operating agreement applications.

be unable to make a determination on permanent approval before the expiry of the existing agreement, then FEI requests approval of the FEI-Prince George Operating Agreement on an interim basis, effective November 1, 2021. A draft form of final Order is provided in Appendix D.

If further information is required, please contact Ilva Bevacqua, Manager of Regulatory Compliance and Administration at (604) 592-7664.

Sincerely,

FORTISBC ENERGY INC.

6. FORTISBC WORK OBLIGATIONS:

6.1 Notices - General Requirements

- (c) the name of a FortisBC representative who may be contacted for more information;
- (d) projected commencement and completion dates; and
- (e) such other information relevant to the New Work as the Municipality may reasonably request from time to time.

6.1.2. Exception for Emergency

Where FortisBC is required to carry out work urgently in the interests of public safety or health or to preserve the safety of property and Company Facilities, FortisBC shall not be required to give prior notice but shall do so as soon as possible thereafter.

6.1.3. Municipal Approval for New Work

The Municipality may object to the New Work on the following grounds:

- (a) the proposed location of the New Work conflicts with existing Municipal Facilities, existing third party facilities or Planned Facilities; or
- (b) the proposed location or design of the New Work is likely to compromise public safety or does not conform with Municipal bylaws, standards or policies; or
- (c) in instances where FortisBC can delay the New Work without compromising the supply, capacity or safety of its Gas Distribution System or its customers' need for gas service and the Municipality intends within the next 3 months to undertake work in the same location and wishes to co-ordinate both work;

by providing FortisBC with notice of its objections, provided such objections are reasonable, no more than 10 days after receiving FortisBC's notice of New Work. If the Municipality has not provided such notice of its objections to FortisBC, or in the case of large and complex New Work, the Municipality has not provided FortisBC with a notice to extend the time to reply to FortisBC until a stated time, the Municipality shall be deemed to have granted its approval of the New Work. The Municipality shall not otherwise withhold or delay its approval.

In addition, the Municipality may request FortisBC to provide the public with notice of the New Work.

6.1.4. Work Not to Proceed

If the Municipality has notified FortisBC of its objections or has requested a time extension, no more than 10 days after receiving FortisBC's notice of New Work, FortisBC shall not proceed with the New Work until FortisBC and the Municipality have agreed upon a resolution to the Municipality's objections. If the Municipality and FortisBC are unable to agree, then the matter shall be resolved in accordance with Section 17 (Resolution of Disputes).

6.2 Notice of Service Lines

FortisBC shall provide the Municipality with notice of its intent to install, remove or repair Service Lines no less than three (3) days prior to commencement of such work. FortisBC's request for the location of the Municipality's Utilities shall be deemed to be a notice of FortisBC's intent to install, remove or repair Service Lines. The Municipality may object to such work on the same grounds as set out in Subsection 6.1.3 (a) and (b) above by providing FortisBC with notice of its objections within two (2) days of receiving FortisBC's notice. If the Municipality has not provided such notice of its objections to FortisBC, the Municipality shall be deemed to have granted its approval of the installation, removal or repair of the Service Lines. The Municipality shall not otherwise withhold or delay its approval.

6.3 FortisBC to Obtain Locate Information

Prior to conducting any New Work, FortisBC shall locate other Utilities and satisfy itself that it is clear to proceed.

6.4 Work Standards

All work carried out by FortisBC shall be carried out in accordance with sound engineering practices.

6.4.1. Specific Work Requirements Remove Materials

FortisBC shall keep its work sites clean and tidy. FortisBC shall remove all rubbish and surplus material from Public Places upon completion of its work.

The Company shall not leave any part of its gas system in such a state as to constitute a nuisance or a danger to the public through neglect, non-use and want of repair.

6.4.2. Restore Surface and Subsurface

Where FortisBC has performed any operations or New Work in a Public Place, FortisBC shall restore without unreasonable delay and return such Public Place, as much as reasonably practical, to the condition and use which existed prior to such activity. The restoration will be in accordance with the specifications set out by the Municipality. Such specifications may include the degree and nature of compaction, subsurface structure, surface finish and landscaping required.

Without limiting the generality of this section and by way of example only, the Municipality may require FortisBC to restore asphalt and concrete surfaces with a permanent repair or a temporary repair. Should a temporary repair be directed, FortisBC or the Municipality at its discretion will subsequently construct a permanent repair in accordance to its usual maintenance/replacement schedule for that area. The cost of permanent and temporary repairs to remediate Highway surfaces will be at the expense of FortisBC proportional to the surface area affected by the New Work.

Where FortisBC is required to cut pavement on a Public Place such cuts and restoration will be limited to less than 1.5 meters unless at the discretion of FortisBC a larger excavation is warranted due to the depth or size of the pipe or requirements of the Workers' Compensation Board or other relevant Provincial or Federal regulations. FortisBC will be responsible for any repairs and maintenance of the surface repair for a period of three (3) years. However, where pavement restoration has been conducted by the Municipality, whether or not such work was undertaken to repair cuts on FortisBC's behalf, FortisBC shall not be responsible for the repairs or maintenance of the surface repair.

6.4.3. Repair Damage to Municipal Facilities

To the extent that any of the work being done by FortisBC results in damage to Municipal Facilities or Public Places, other than the usual physical disruption to Public Places caused by the installation of Company Facilities that FortisBC shall restore in accordance with Section 6.4.2 above, FortisBC will, as soon as reasonably possible, report such damage and reimburse the Municipality for its costs arising from such damage calculated in accordance with Section 14.1 below. Where such damage results directly from inaccurate or incomplete information supplied by Municipality, and FortisBC has complied with all applicable laws and regulations, and with instructions supplied by the Municipality, then the cost of repairing damaged Municipal Facilities or Public Places will be at the expense of the Municipality.

6.5 Conformity Requirement

The New Work must be carried out in conformity with FortisBC's notice of New Work except that FortisBC may make in-field design changes when carrying out the New Work to accommodate field conditions which could not have been reasonably foreseen by FortisBC. If such in-field conditions materially impact FortisBC's plans for restoration or materially change the impact of FortisBC's work on Municipal Facilities, other than in respect of projected commencement and completion dates, FortisBC shall notify the Municipality of the changes and the reasons for them as soon as reasonably possible.

6.6 Non-Compliance

If Company Facilities located in Public Places are later found not to be located in compliance with FortisBC's notice of New Work provided in accordance with Section

6.1 and 6.5, then any alteration or upgrading required to bring them into compliance with such notice will be at the expense of FortisBC provided that the work has not been altered, damaged or modified by the Municipality or a third party.

7. COMPANY FACILITY CHANGES REQUIRED BY THE MUNICIPALITY

7.1 Notice of Closure of Public Places

Before any Public Places containing Company Facilities may be legally closed or alienated by the Municipality, the Municipality shall as soon as reasonably possible notify FortisBC of its intent to close or alienate such Public Places and either:

- (a) grant FortisBC a registered statutory right of way in a form satisfactory to FortisBC so as to maintain FortisBC's right to use the land; or
- (b) request FortisBC to remove and (if possible and practicable) relocate those Company Facilities affected by such closure or alienation at the sole cost of the Municipality.

If the Public Places are expropriated by an expropriating authority and FortisBC is required to remove the Company Facilities then the Municipality shall as soon as reasonably possible notify FortisBC of the expropriation. This provision is applicable when the Municipality receives official notice of expropriation or otherwise becomes aware of expropriation through communications with the expropriating authority.

8. FACILITY CHANGES REQUIRED

8.1 By FortisBC

FortisBC may provide Notice to the Municipality that it requires Municipal Facilities to be altered, changed, temporarily shut-down, temporarily by-passed, or relocated to accommodate its requirements. The Municipality will comply with FortisBC's requests to the extent it is reasonably able to do so and with reasonable speed and dispatch after receipt of written request. FortisBC agrees to pay for all of the costs for changes to the affected Municipal Facilities.

8.2 By the Municipality

The Municipality may provide Notice to FortisBC that it requires Company Facilities to be altered, changed or relocated to accommodate its requirements. FortisBC will comply with the Municipality's requests to the extent it is reasonably able to do so and with reasonable speed and dispatch after receipt of written request. The Municipality agrees to pay for all of the costs for changes to the affected Company Facilities. This section 8.2 is an agreement between the Municipality and FortisBC for the purpose of section 76(1)(c) of the *Oil and Gas Activities Act*.

9. JOINT PLANNING, COOPERATION AND COORDINATION

9.1 Conduct of Construction and Maintenance Activities

The Municipality and FortisBC agree to use reasonable efforts in carrying out their construction and maintenance activities in a manner that is responsive to the effect that it may have on the other party, as well as other users of Public Places. Such reasonable efforts include attending the planning meetings described in Section 9.2 below and reducing as much as is practical, the obstruction of access to Public Places, and interference with the facilities and activities of others in Public Places.

9.2 Communication and Coordination Activities

At the initiation of the Municipality, representatives of the Municipality, FortisBC and other affected Utilities and third parties will meet each year, prior to the construction season, to discuss the parties' anticipated construction activities for that year. Such discussions will include

- (a) the use of common trenching, common utility access facilities and such other common facilities as may be commercially reasonable and comply with operating and safety standards; and
- (b) the consolidation of planned maintenance work where pavement must be cut in order to avoid multiple excavations.

9.3 Municipal Planning Lead

During such annual planning meetings, the Municipality shall lead the planning process for all Utilities and third parties with Planned Facilities in Public Places.

10. MUTUAL INDEMNITY

10.1 Indemnity by FortisBC

10.1.1. FortisBC indemnifies and protects and saves the Municipality harmless from and against all claims by third parties in respect to loss of life, personal injury (including, in all cases, personal discomfort and illness), loss or damage to property caused by FortisBC in:

- (a) placing, constructing, renewing, altering, repairing, maintaining, removing, extending, operating or using the Company's Facilities on or under any Public Places;
- (b) any breach of this Agreement by FortisBC;

except to the extent contributed by negligence or default of the Municipality or the Municipal Employees.

10.1.2. This indemnity expressly extends to all acts and omissions of FortisBC Employees.

10.2 Indemnity by the Municipality

10.2.1. The Municipality indemnifies and protects and saves FortisBC harmless from and against all claims by third parties in respect to loss of life, personal injury (including, in all cases, personal discomfort and illness), loss or damage to property to the extent caused by the Municipality in:

- (a) placing, constructing, renewing, altering, repairing, maintaining, removing, extending, operating or using the Municipal Facilities on or under any Public Places;
- (b) any breach of this Agreement by the Municipality;

except to the extent contributed by the negligence or default of FortisBC or FortisBC Employees.

10.2.2. This indemnity expressly extends to all acts and omissions of Municipal Employees.

10.3 Limitations on Municipality's Liability

All property of FortisBC kept or stored on the Public Places will be kept or stored at the risk of FortisBC. For further certainty, FortisBC acknowledges that the Municipality has made no representations or warranties as to the state of repair or the suitability of the Public Places for any business, activity or purpose whatsoever. FortisBC accepts its use of Public Places on an "as is" basis.

11. OPERATING FEE

11.1 Fee Calculation

11.1.1. FortisBC agrees to pay to the Municipality a fee of three percent (3%) of the gross revenues (excluding taxes) received by FortisBC for provision and distribution of all gas consumed within the Boundary Limits of the Municipality, excluding all compressed natural gas and liquefied natural gas distributed from fueling stations, the provision and delivery of all liquefied natural gas, and all gas consumed by customers from whom the BCUC has not allowed FortisBC to collect the fee, and provided that the Municipality is permitted by law to charge such a fee. Such amount will not include any amount received by FortisBC for gas supplied or sold for resale.

11.1.2. The Municipality will provide FortisBC with thirty (30) days prior written notice of any boundary expansion so that existing and new customers in the expanded area can be included as a part of the annual payment fee.

11.1.3. FortisBC will be responsible for adding those existing and new customers within the new Municipal boundary upon receipt of such notice from the Municipality and the revised calculation of the fee will commence effective the date that is the later of the date of actual boundary change or thirty (30) days after the notification under section 11.1.2.

11.2 Payment Date and Period

Payments by FortisBC to the Municipality will be made on the first day of March of each year of the Agreement in respect of the amount received by FortisBC during that portion of the term of this Agreement which is in the immediately preceding calendar year. By way of example only, payment made on March 1, 2019 will be the amount received during the 2018 calendar year.

11.3 BCUC Decision or Provincial Legislation

In the event that a decision by the BCUC, other than periodic rate changes as a result of commodity, delivery or margin increases or decreases, or new legislation by the Provincial Government, impacts the operating fee being paid to the Municipality so as to increase it or decrease it by more than 5% annually at the time of the decision or in subsequent years, the parties shall negotiate a new operating fee formula which best reflects the revenue stream received by the Municipality under this Agreement. For greater certainty, the parties acknowledge that a change to the BCUC's decision that FortisBC shall provide the agency billing and collections service for marketers on a mandatory basis, as set out in the "Business Rules for Commodity Unbundling dated June 5, 2003 as set out in Appendix A to Letter No. L-25-03, may impact the operating fee being paid to the Municipality.

12. OTHER APPROVALS, PERMITS OR LICENSES

Except as specifically provided in this Agreement, the Municipality will not require FortisBC to seek or obtain approvals, permits or licenses. The Municipality will not charge or levy against FortisBC any approval, license, inspection or permit fee, or charge of any other type, that in any manner is related to or associated with FortisBC constructing, installing, renewing, altering, repairing, maintaining or operating Company Facilities on any Public Places or in any manner related to or associated with FortisBC exercising the powers and rights granted to it by this Agreement (other than for repair of damage to the Municipal Facilities or Public Places in accordance with Section 14).

If the Municipality does charge or levy fees or costs against FortisBC (other than for repair of damage to the Municipal Facilities or Public Places in accordance with Section 14) then FortisBC may reduce the annual operating fee payable to the Municipality under Section 11 by an amount equal to such charges, fees or costs or in the event no annual operating fee is payable, FortisBC will not be required to pay such charges or fees or costs.

13. MUNICIPAL OBLIGATIONS

13.1 Municipal Work

13.1.1. Before the Municipality undertakes any construction or maintenance activity which is likely to affect a part of the Company Facilities, excluding routine maintenance and repair that does not involve any cutting of asphalted road surface, it must give FortisBC notice not less than 10 days before commencing such construction or maintenance activity.

Before the Municipality undertakes routine maintenance and repair that does not involve any cutting of asphalted road surface and is likely to affect Company Facilities, it must give FortisBC notice not less than 3 days before commencing such construction or maintenance activity.

13.1.2. Where the Municipality is required to carry out work urgently in the interests of public safety or health or to preserve the safety of property and Municipal Facilities, the Municipality shall not be required to give prior notice but shall do so as soon as possible thereafter.

13.1.3. FortisBC will be entitled to appoint at its cost a representative to inspect any construction or maintenance activity undertaken by the Municipality. The provisions of this section do not relieve the Municipality of its responsibilities under the *Safety Standards Act*, *Oil and Gas Activities Act*, and successor legislation, regulations thereunder, or the requirements of the BC Workers' Compensation Board.

13.1.4. In addition, the Municipality shall provide Notice to FortisBC of any work planned that will be adjacent to, across, over or under a Transmission Pipeline or within a right-of-way for a Transmission Pipeline. To the extent that FortisBC requires that permit be issued for construction or other activities within a Transmission Pipeline right-of-way, the Municipality will submit an application for such a permit in sufficient time for the application to be reviewed and approved by FortisBC prior to the commencement of the construction or other activity.

13.1.5. The Municipality shall assist FortisBC in FortisBC's efforts to reduce instances of residences being built over gas lines and other similarly unsafe building practices by third parties.

13.1.6. The Municipality shall not interfere with Transmission Pipeline markers.

13.1.7. The Municipality shall provide notice to FortisBC of any damage caused by the Municipality to Company Facilities or Transmission Pipeline Markers as soon as reasonably possible. To the extent that any of the work being done by the Municipality results in damage to the Company Facilities, the Municipality will report such damage and pay FortisBC its costs arising from such damage in accordance with Section 14.1 below.

Where such damage results directly from inaccurate or incomplete information supplied by FortisBC, and the Municipality has complied with all applicable laws and regulations, and with instructions supplied by FortisBC, then the cost of repairing the damaged Company Facilities will be at the expense of FortisBC.

- 13.1.8. The Municipality shall notify FortisBC of any new bylaws, standards or policies adopted or passed by the Municipality that are likely to affect FortisBC's operations in Public Places.

14. COSTS AND PAYMENT PROCEDURES

14.1 Definition of Costs

Wherever one party is required to pay the other party Costs as a result of damage caused by one party to the other's property, the Costs shall be:

- (a) all direct expenses and disbursements incurred to restore such property to as good a state of repair as had existed prior to the damage;
- (b) reasonable administration and overhead charges on labour, equipment and materials;
- (c) such taxes as may be required in the appropriate jurisdiction;
- (d) in the case of loss of gas or re-lights, the cost of the commodity as determined by the length of time that the gas is leaking, size of pipe and hole and the pressure; and

TERASEN GAS INC., a company having an office at 1111 West Georgia Street, Vancouver, B.C., V6E 4M4

(the "Company")

and:

CITY OF PRINCE GEORGE, a municipality having an address at 1100 Patricia Boulevard, Prince George, B.C., V2L 3V9

(the "City")

hereby agree as follows:

1. The term "distribution system" as used in this Agreement means mains, pipes, valves and facilities for the purpose of carrying, conveying, distributing, supplying and making available for use gas within the said boundary limits of the City.
2. [Intentionally deleted.]
3. [Intentionally deleted.]
4. [Intentionally deleted.]
5. The Company further undertakes and agrees with the City that it will pay to the City on the 1st day of November in each of the years 2004 to, and including 2021, or such earlier year in which the Company ceases to operate a gas distribution system within the boundary limits of the City, a sum equal to three percent (3%) of the amount received in each immediately preceding calendar year by the Company for gas consumed within the boundary limits of the City, but such amount shall not include revenues from gas supplied for re-sale or from gas supplied to British Columbia Hydro and Power Authority for the purpose of generating electricity and, within ninety (90) days after the 31st day of October, 2021, or after such earlier date on which the Company ceases to operate a gas distribution system within the boundary limits of the City, the Company shall pay to the City a sum equal to three percent (3%) of the amount received by the Company for gas consumed save as aforesaid, within the boundary limits of the City during the period from the commencement of the calendar year 2021 or from the commencement of the calendar year in which such earlier date falls, to the 31st day of October, 2021, or such earlier date as the case may be. The amount received by the Company in any particular period for gas so consumed, and upon which the aforesaid percentage sum is based, shall be that amount for the equivalent period upon which the percentage tax provided under the **[Assessment**

Act][NTD. Parties to confirm whether this reference is still to the correct Act.]as now enacted would be payable and as if said percentage sum herein provided were a tax provided for under said section, AND such percentage sum shall not be or be deemed to be a tax or in lieu of any taxes, rates or licence fee otherwise properly payable to the City. In the event that during the currency of this Agreement, the Company should enter into any undertaking, contract, or franchise agreement with a Municipality in the interior of the Province of British Columbia hereof wherein under a similar clause to this Clause Five (5) the Company shall agree to pay to such Municipality, as compensation for the use by the Company of the public thoroughfares, highways, roads, streets, lanes, alleys, bridges, viaducts, subways, public places, squares and parks for like purposes as set out herein a greater compensation than three percent (3%) of revenues as herein provided, then such greater percentage shall be and be deemed to be substituted for the three percent (3%) in this clause provided, but only applicable to the amounts received by the Company for gas consumed within the boundary limits of the City, save as aforesaid, from the effective date of such other undertaking, contract of franchise agreement until the 31st day of October, 2021, or until such earlier date on which the Company ceases to operate a gas distribution system within the boundary limits of the City.

6. Subject to the provisions of Clause Seven (7) hereof, after the construction and putting into service of facilities so to do, the Company undertakes to supply such reasonable quantities of gas as may be required for consumption or purchase by its customers or consumers within the boundary limits of the City PROVIDED THAT such requirements are to be supplied to places or buildings lying or being on property fronting or lying alongside a main or pipe of the distribution system of the Company. The property line of such property will be the place of delivery of all gas supplied by the Company, but the Company undertakes to provide and install free of charge a meter suitably located on the property to be supplied with gas. The Company also undertakes to supply and install a service pipeline from the property line to the meter on and in accordance with the costs and terms set forth in the Company's tariff and revisions thereto as filed with and approved by the British Columbia Utilities Commission, from time to time. The said meter and service pipeline will be located and installed in a manner and at a location selected by the Company, and will remain the property of the Company. The expense and risk of utilizing and using such gas after delivery at the said property line will be borne by the consumer or purchaser and not by the Company unless any loss or damage occasioned by such utilization or user is directly attributable to the negligence or carelessness of the Company, its servants and agents.
7. Notwithstanding anything to the contrary herein contained, the obligations and duties hereby undertaken by the Company and on its part to be performed and carried out, and the performance of the undertakings herein contained are subject from time to time to (a) fire, explosion, lightning, tempest, the elements, adverse weather or climatic conditions, acts of God, force majeure, actions or acts or restraints of enemies, foreign princes, and governments (whether foreign or domestic), strikes, lockouts, riots, shortage of labour or materials, civil

insurrection, delays in or shortage of transportation, impossibility or difficulty of or in manufacturing, mixing, procuring, receiving, distributing or delivering gas, or impossibility, difficulty or delay in procuring, acquiring or receiving materials or equipment required or advisable for the placing, construction, maintenance, or operation of the distribution system or any pipeline or facility for bringing gas to the boundary limits of the City, and generally all shortages of supply or delays in delivery caused or resulting directly or indirectly from causes beyond the reasonable control of the Company, and (b) the operation of the natural gas pipeline of Westcoast Energy Inc. from Northern Alberta and/or Northern British Columbia to Southern British Columbia, and (c) the operation of the transmission or main pipeline and appurtenances required to bring gas from this natural gas pipeline of Westcoast Energy Inc. to the boundary limits of the City.

8. The Company may enter in, upon and under all public thoroughfares, highways, roads, streets, lanes, alleys, bridges, viaducts, subways, public places, squares and parks within the boundary limits of the City and over which the City has control and the same to use, break up, dig, trench, open up and excavate, and therein, thereon and thereunder place, construct, lay, operate, use, maintain, renew, alter, repair, extend, relay and/or restore a distribution system as and in the manner herein set out, but excludes any transmission or main pipeline and appurtenances which are an integral part of the natural gas transmission system bringing gas to the boundary limits of the City or through the City for distribution to others or areas outside said boundary limits.
9. Before placing, constructing or laying down the distribution system, or any part thereof, the Company shall file with the City, or such office or official thereof as shall be designated from time to time for such purpose by the City, detailed plans and specifications showing the size and dimensions of the mains and pipes thereof, the proposed depth thereof below the surface of the ground, and the proposed location thereof, and the same shall not be placed, constructed or laid down without the approval of the City or of such designated officer or official, as the case may be, PROVIDED ALWAYS that such approval shall not be unreasonably withheld. In establishing location of mains, the Company shall endeavour to use lanes or alleys in preference to streets, where same are available and the use thereof is acceptable with and conforms to the general economics and engineering of the distribution system or the relevant portion thereof.
10. The Company shall give written notice to the City, or such officer or official thereof as shall be designated from time to time by the City for the purpose in the next preceding clause set out, of its intention to break up, dig, trench, open up or excavate any, or in or on any, public thoroughfare, highway, road, street, lane, alley, bridge, viaduct, subway, public place, square or park within the boundary limits of the City, not less than three (3) clear days before the beginning of such work, except in such cases of repair, maintenance or the like that can reasonably be deemed to be emergencies or in the interests of the health or safety of the public, or of the safety of property by whomsoever owned or any of them, in which case notices used be first given but shall be given as soon as practicable

thereafter. The provisions of this clause shall apply notwithstanding the provisions of the next preceding clause and the grant of the approval or approvals therein referred to.

11. Should any of the public thoroughfares, highways, roads, streets, lanes, alleys, bridges, viaducts, subways, public places, squares or parks, under or on which any part of the distribution system of the Company lies or is constructed be legally closed as such or alienated by the City or by or under any other paramount authority, the Company shall with all reasonable speed and dispatch after receipt of written notice from the City remove and (if possible or practicable) relocate that part of its distribution system so affected by such closure or alienation, on condition that the cost of such removal and/or relocation be at the cost and expense of the City, unless such removal and/or relocation has been enforced upon the City by any such other paramount authority without the City having applied therefor.
12. The Company shall execute and cause as little change as possible and shall use its best endeavours to cause as little obstruction or inconvenience or danger as possible during the progress of any of the work hereinbefore set out, and shall place and maintain such warning signs, barricades, lights or flares on, at or near the site of any work in progress as will give reasonable warning thereof and protection therefrom to members of the public and shall restore, to the reasonable satisfaction of the City or of the officer or official thereof designated by the City, without unreasonable delay the said public thoroughfares, highways, roads, streets, lanes, alleys, bridges, viaducts, subways, public places, squares and parks so broken up, dug, trenched, opened up or excavated to a state of repair or condition as nearly as possible as existed immediately before the commencement of such work.
13. The distribution system of the Company and the mains and pipes thereof shall be laid in such manner as not to interfere with any public or private sewer or any other pipe, conduit, duct, manhole or system belonging to the City or which shall have been previously laid down and be then subsisting in any said public thoroughfare, highway, road, street, lane, alley, bridge, viaduct, subway, public place, square or park by, or with the permission or approval of, the City or by virtue of any charter or right granted by competent governmental or municipal authority.
14. The Company shall protect, indemnify and save harmless the City from and against all actions, proceedings, claims and demands of any corporation, firm or person against the City and shall reimburse the City for all damages and expenses caused to it, in respect of or by the execution by the Company of the authorities, permissions and rights hereby to it granted or by reason of the construction, maintenance or operation of the distribution system of the Company within the boundary limits of the City, except where same is not caused by or contributed to by the negligence or default of the Company, or its servants or agents.

15. If the City, before its makes any additions, repairs or alterations to any of its public services within the boundary limits of the City, and which said additions, repairs or alterations may in any way affect any part of the distribution system of the Company, or any equipment thereof, gives to the Company at its main office within the boundary limits of the City not less than three (3) clear days notice thereof (except in such cases of repair, maintenance or the like that can reasonably be deemed to be emergencies or in the interests of the health or safety of the public, or of the safety of property by whomsoever owned, or any of them, in which case no notice need be first given but may be given as soon as practicable thereafter), then the Company shall thereupon be entitled to appoint a representative to supervise or advise in respect of such additions, repairs or alterations and so long as the directions, instructions or advice of such representative are or is followed or complied with by the City, the City shall be relieved from all liability in connection with any damage done to the property of the Company by reason of such additions, repairs or alterations.
16. The distribution system of the Company shall be and remain its own property and as such may, subject to the terms herein contained, be used by it in its business or removed in whole or in part as it shall see fit.
17. Notwithstanding anything to the contrary herein contained, the terms herein contained shall be subject to the provisions of the Pipeline Act and the Gas Utility Act of the Province of British Columbia and the proper authorities and powers of British Columbia Utilities Commission, and nothing herein shall exclude, or be deemed to exclude, the application of the provisions of said Acts or any jurisdiction thereof or of the said British Columbia Utilities Commission.
18. The Company, in the construction of its said distribution system, and in the construction of any extension or extensions of its distribution system which may be made from time to time, shall insofar as it considers it practicable, and provided that the Company shall not consider in so doing that it will or might in any way be penalized in either cost or efficiency, employ labourers, workmen and artisans who reside in the City and purchase in the City such materials as are required for the said construction work as are available in the City. It is acknowledged that the construction and installation of a gas distribution system is a specialized construction project calling for the services of artisans and technicians with special skills and experience, and that in the performance by the Company of the terms hereinbefore in this paragraph set out, the Company shall not be deemed to be in default in performance thereof by its employing artisans or technicians who reside elsewhere than in the City for any work requiring specialized skill or experience, even although there may be artisans or technicians residing in the City and available who might be able to do such specialized work satisfactorily. In the event that the said distribution system or any part or parts thereof, or any extension or extensions thereof, are constructed or installed by any contractor or contractors to the Company, then the Company shall endeavour to procure a covenant on the part of the contractor or contractors that any such contractor or contractors will carry out and perform the terms hereinbefore set out

by providing FortisBC with notice of its objections, provided such objections are reasonable, no more than 10 days after receiving FortisBC's notice of New Work. If the Municipality has not provided such notice of its objections to FortisBC, or in the case of large and complex New Work, the Municipality has not provided FortisBC with a notice to extend the time to reply to FortisBC until a stated time, the Municipality shall be deemed to have granted its approval of the New Work. Where FortisBC is required to cut pavement on a Public Place such cuts and restoration will be limited to less than 1.5 meters unless at the discretion of FortisBC a larger excavation is warranted due to the depth or size of the pipe or requirements of the Workers' Compensation Board or other relevant Provincial or Federal regulations. FortisBC will be responsible for any repairs and maintenance of the surface repair for a period of three (3) years. However, where pavement restoration has been conducted by the Municipality, whether or not such work was undertaken to repair cuts on FortisBC's behalf, FortisBC shall not be responsible for the repairs or maintenance of the surface repair.

6.4.3. Repair Damage to Municipal Facilities

To the extent that any of the work being done by FortisBC results in damage to Municipal Facilities or Public Places, other than the usual physical disruption to Public Places caused by the installation of Company Facilities that FortisBC shall restore in accordance with Section 6.4.2 above, FortisBC will, as soon as reasonably possible, report such damage and reimburse the Municipality for its costs arising from such damage calculated in accordance with Section 14.1 below. Where such damage results directly from inaccurate or incomplete information supplied by Municipality, and FortisBC has complied with all applicable laws and regulations, and with instructions supplied by the Municipality, then the cost of repairing damaged Municipal Facilities or Public Places will be at the expense of the Municipality.

6.5 Conformity Requirement

The New Work must be carried out in conformity with FortisBC's notice of New Work except that FortisBC may make in-field design changes when carrying out the New Work to accommodate field conditions which could not have been reasonably foreseen by FortisBC. If such in-field conditions materially impact FortisBC's plans for restoration or materially change the impact of FortisBC's work on Municipal Facilities, other than in

respect of projected commencement and completion dates, FortisBC shall notify the Municipality of the changes and the reasons for them as soon as reasonably possible.

6.6 Non-Compliance

If Company Facilities located in Public Places are later found not to be located in compliance with FortisBC's notice of New Work provided in accordance with Section 6.1 and 6.5, then any alteration or upgrading required to bring them into compliance with such notice will be at the expense of FortisBC provided that the work has not been altered, damaged or modified by the Municipality or a third party.

9.2 Communication and Coordination Activities

At the initiation of the Municipality, representatives of the Municipality, FortisBC and other affected Utilities and third parties will meet each year, prior to the construction season, to discuss the parties' anticipated construction activities for that year. Such discussions will include

- (a) the use of common trenching, common utility access facilities and such other common facilities as may be commercially reasonable and comply with operating and safety standards; and
- (b) the consolidation of planned maintenance work where pavement must be cut in order to avoid multiple excavations.

9.3 Municipal Planning Lead

During such annual planning meetings, the Municipality shall lead the planning process for all Utilities and third parties with Planned Facilities in Public Places.

10.2.1. The Municipality indemnifies and protects and saves FortisBC harmless from and against all claims by third parties in respect to loss of life, personal injury (including, in all cases, personal discomfort and illness), loss or damage to property to the extent caused by the Municipality in:

- (a) placing, constructing, renewing, altering, repairing, maintaining, removing, extending, operating or using the Municipal Facilities on or under any Public Places;
 - (b) any breach of this Agreement by the Municipality;
- except to the extent contributed by the negligence or default of FortisBC or FortisBC Employees.

10.2.2. This indemnity expressly extends to all acts and omissions of Municipal Employees.

10.3 Limitations on Municipality's Liability

All property of FortisBC kept or stored on the Public Places will be kept or stored at the risk of FortisBC. FortisBC accepts its use of Public Places on an "as is" basis.

11. OPERATING FEE

11.1 Fee Calculation

11.1.1. liquefied natural gas, and all gas consumed by customers from whom the BCUC has not allowed FortisBC to collect the fee, and provided that the Municipality is permitted by law to charge such a fee. Such amount will not include any amount received by FortisBC for gas supplied or sold for resale.

11.1.2. The Municipality will provide FortisBC with thirty (30) days prior written notice of any boundary expansion so that existing and new customers in the expanded area can be included as a part of the annual payment fee.

11.1.3. FortisBC will be responsible for adding those existing and new customers within the new Municipal boundary upon receipt of such notice from the Municipality and the revised calculation of the fee will commence effective the date that is the later of the date of actual boundary change or thirty (30) days after the notification under section 11.1.2.

11.2 Payment Date and Period

Payments by FortisBC to the Municipality will be made on the first day of March of each year of the Agreement in respect of the amount received by FortisBC during that portion of the term of this Agreement which is in the immediately preceding calendar year. By way of example only, payment made on March 1, ~~2014~~2019 will be the amount received during the ~~2013~~2018 calendar year.

11.3 BCUC Decision or Provincial Legislation

In the event that a decision by the BCUC, other than periodic rate changes as a result of commodity, delivery or margin increases or decreases, or new legislation by the Provincial Government, impacts the operating fee being paid to the Municipality so as to increase it or decrease it by more than 5% annually at the time of the decision or in subsequent years, the parties shall negotiate a new operating fee formula which best reflects the revenue stream received by the Municipality under this Agreement. For greater certainty, the parties acknowledge that a change to the BCUC's decision that FortisBC shall provide the agency billing and collections service for marketers on a mandatory basis, as set out in the "Business Rules for Commodity Unbundling dated June 5, 2003 as set out in Appendix A to Letter No. L-25-03, may impact the operating fee being paid to the Municipality.

If the Municipality does charge or levy fees or costs against FortisBC (other than for repair of damage to the Municipal Facilities or Public Places in accordance with Section 14) then FortisBC may reduce the annual operating fee payable to the Municipality under Section 11 by an amount equal to such charges, fees or costs or in the event no annual operating fee is payable, FortisBC will not be required to pay such charges or fees or costs.

13. MUNICIPAL OBLIGATIONS

Before the Municipality undertakes routine maintenance and repair that does not involve any cutting of asphalted road surface and is likely to affect Company Facilities, it must give FortisBC notice not less than 3 days before commencing such construction or maintenance activity.

13.1.2. Where the Municipality is required to carry out work urgently in the interests of public safety or health or to preserve the safety of property and Municipal Facilities, the Municipality shall not be required to give prior notice but shall do so as soon as possible thereafter.

13.1.3. FortisBC will be entitled to appoint at its cost a representative to inspect any construction or maintenance activity undertaken by the Municipality. The provisions of this section do not relieve the Municipality of its responsibilities under the ~~Gas~~ *Safety Standards Act*, *Oil and Gas Activities Act*, and successor legislation, regulations thereunder, or the requirements of the BC Workers' Compensation Board.

13.1.4. In addition, the Municipality shall provide Notice to FortisBC of any work planned that will be adjacent to, across, over or under a Transmission Pipeline or within a right-of-way for a Transmission Pipeline. 13.1.6. The Municipality shall not interfere with Transmission Pipeline markers.

13.1.7. The Municipality shall provide notice to FortisBC of any damage caused by the Municipality to Company Facilities or Transmission Pipeline Markers as soon as reasonably possible. To the extent that any of the work being done by the Municipality results in damage to the Company Facilities, the Municipality will report such damage and pay FortisBC its costs arising from such damage in accordance with Section 14.1 below. Where such damage results directly from inaccurate or incomplete information supplied by FortisBC, and the Municipality has complied with all applicable laws and regulations, and with instructions supplied by FortisBC, then the cost of repairing the damaged Company Facilities will be at the expense of FortisBC.

13.1.8. The Municipality shall notify FortisBC of any new bylaws, standards or policies adopted or passed by the Municipality that are likely to affect FortisBC's operations in Public Places.
