Attention: Jim Quail

Dear Jim Quail:

**Re: FortisBC Energy Inc. (FEI)**  
**Revised Renewable Gas Program Application – Stage 2 (Application)**  
**Response to the Movement of United Professionals Information Request (IR)**  
**No. 3 on Evidentiary Update**

---

On December 17, 2021, FEI filed the Application referenced above. In accordance with the further regulatory timetable established in BCUC Order G-215-23, FEI respectfully submits the attached response to MoveUP IR No.3 on Evidentiary Update.

If further information is required, please contact the undersigned.

Sincerely,

**FORTISBC ENERGY INC.**

| Response to Movement of United Professionals (MoveUP) Information Request (IR) No. 3 on Evidentiary Update  | Page 1                              |

1   **3.0   TOPIC: BILL VOLATILITY**

2           3.1    What measures has FEI considered to mitigate potential customer bill volatility  
3                    resulting from seasonal tax credit variability arising from the ruling?

4                   3.1.1    What measures does FEI intend to implement and why? Please explain  
5                            their operation and impact in relation to each affected customer class.

6  
7    **Response:**

8    As illustrated in Figures 5-6 through 5-11 of the Evidentiary Update (Section 5.4), the monthly bill  
9    variability from setting the Renewable Gas Blend percentage on a monthly basis is small relative  
10   to the total customer bill and is a result of differences in the carbon tax on the bill. Therefore, FEI  
11   does not consider that there is a need for a bill volatility smoothing mechanism.
