Re: FortisBC Energy Inc. – Section 71 Filing of Biomethane Purchase Agreement between FortisBC Energy Inc. and Matter Global Solutions BC Ltd. – Final Order

Dear Mr. Slater,

Further to your above-noted application, enclosed please find British Columbia Utilities Commission final order E-12-20.

Sincerely,

Patrick Wruck
Commission Secretary

/jo
Enclosure

ORDER NUMBER
E-12-20

IN THE MATTER OF
the *Utilities Commission Act*, RSBC 1996, Chapter 473

and

FortisBC Energy Inc.
Section 71 Filing of Biomethane Purchase Agreement between FortisBC Energy
Inc. and Matter Global Solutions BC Ltd.

BEFORE:

R. I. Mason, Panel Chair
E. B. Lockhart, Commissioner
T. A. Loski, Commissioner

on April 16, 2020

ORDER

WHEREAS:

- A. On March 12, 2020, pursuant to section 71 of the *Utilities Commission Act* (UCA) and the British Columbia Utilities Commission's (BCUC) Rules for Natural Gas Energy Supply Contracts, FortisBC Energy Inc. (FEI) filed an application with the BCUC seeking acceptance of a Biomethane Purchase Agreement (BPA) between FEI and Matter Global Solutions BC Ltd. (Matter) (Application);
- B. Section 18(1) of the *Clean Energy Act* (CEA) defines a prescribed undertaking as "...a project, program, contract or expenditure that is in a class of projects, programs, contracts or expenditures prescribed for the purpose of reducing greenhouse gas emissions in British Columbia";
- C. Section 18(3) of the CEA states, "The commission must not exercise a power under the UCA in a way that would directly or indirectly prevent a public utility...from carrying out a prescribed undertaking";
- D. Section 2(3.8) of the Greenhouse Gas Reduction Regulation (GGRR) states that the acquisition of renewable natural gas (RNG) is a prescribed undertaking subject to:
 - 1. The public utility paying no more than \$30/GJ; and
 - 2. The total volume of RNG purchased in a calendar year does not exceed 5 percent of the total volume of natural gas provided by public utility to its non-bypass customers in 2015;
- E. Under the BPA, Matter will supply biomethane at Station 2, processed from feedstock supplied by Horseshoe Valley Ranch located in Clayhurst, British Columbia, to FEI for injection in FEI's existing natural gas system;

- F. FEI requests that the redacted portions of the filing and certain appendices be kept confidential due to their commercially sensitive nature pursuant to Section 18 of the BCUC's Rules of Practice and Procedure regarding confidential documents set out in Order G-15-19 and section 71(5) of the UCA;
- G. The BCUC has not reviewed the Application from a public interest perspective as the BPA is a prescribed undertaking under section 18(1) of the CEA; and
- H. The BCUC has reviewed the Application and considers the following determination to be warranted.

NOW THEREFORE pursuant to section 71 of the UCA, section 18 of the CEA and the GRR, the BCUC orders as follows:

1. The BCUC accepts for filing the BPA between FEI and Matter.
2. The BCUC will keep the redacted portions of the Application and certain appendices confidential as requested by FEI as they contain commercially sensitive information.

DATED at the City of Vancouver, in the Province of British Columbia, this 16th day of April 2020.

BY ORDER

R. I. Mason
Commissioner
