2. **Applicability**

2.1 **Description of Applicability**

This Rate Schedule applies to the provision of a bundled interruptible transportation service and the sale of firm Gas, no portion of which may be resold, through one meter station to a Customer. For greater certainty, interruptible transportation service under this Rate Schedule means the provision by FortisBC Energy of transportation service to a Customer which may be interrupted or curtailed by FortisBC Energy pursuant to Sections 4.2 (Curtailement), 11 (Default or Bankruptcy) and 14 (Force Majeure) and the General Terms and Conditions of FortisBC Energy. For greater certainty, firm Gas supply under this Rate Schedule means the Gas FortisBC Energy is obligated to sell to a Customer on a firm basis subject to interruption or curtailment pursuant to Sections 11 (Default for Bankruptcy), 14 (Force Majeure) and the General Terms and Conditions of FortisBC Energy.

2.2 **British Columbia Utilities Commission**

This Rate Schedule may be amended from time to time with the consent of the British Columbia Utilities Commission.

3. **Conditions of Service**

3.1 **Conditions**

FortisBC Energy will only sell Gas under this Rate Schedule to Customers in the territory served by FortisBC Energy under the FortisBC Energy tariff of which this Rate Schedule is a part if:

- (a) the Customer has entered into a General Interruptible Service Agreement (Service Agreement);
- (b) adequate Gas volumes for such Service are available;

Order No.: G-135-18

Issued By: Diane Roy, Vice President, Regulatory Affairs

Effective Date: November 1, 2018

Accepted for Filing: November 9, 2018

BCUC Secretary: Original signed by Patrick Wruck

Original Page R-7.3

- (c) adequate capacity exists on the FortisBC Energy System;
- (d) at all times when adequate quantities of Gas are available for sale by FortisBC Energy to the Customer at the facilities specified in the Service Agreement, the Customer will use such Gas as the only Gas for such facilities;
- (e) FortisBC Energy has installed at the Delivery Point the facilities and equipment referred to in Section 9.1 (Facilities and Equipment); and
- (f) the Customer has provided FortisBC Energy with no less than 2 Months notice of their intention to receive service under this Rate Schedule.

3.2 **Security**

In order to secure the prompt and orderly payment of the charges to be paid by the Customer to FortisBC Energy under the Service Agreement, FortisBC Energy may require the Customer to provide, and at all times maintain, an irrevocable letter of credit in favour of FortisBC Energy issued by a financial institution acceptable to FortisBC Energy in an amount equal to the estimated maximum amount payable by the Customer under this Rate Schedule and the Service Agreement for a period of 90 Days. Where FortisBC Energy requires a Customer to provide a letter of credit and the Customer is able to provide alternative security acceptable to FortisBC Energy, FortisBC Energy may accept such security in lieu of a letter of credit.

3.3 **Warning if Switching from Interruptible Transportation Service or Interruptible Sales to Firm Transportation Service or Sales**

A Customer wishing to request a switch at the end of the term of an interruptible Transportation Agreement or an interruptible Gas Service Agreement to a firm transportation Rate Schedule or to a firm sales Rate Schedule must comply with the requirements for Firm Service set out in the applicable Rate Schedule, including the following:

- (a) give 12 months prior notice to FortisBC Energy of the Customer's desire to do so; and
- (b) after receiving an estimate from FortisBC Energy of costs FortisBC Energy will reasonably incur to provide such Service, agree to reimburse FortisBC Energy for any such costs.

Notwithstanding Section 3.3(a), FortisBC Energy will make reasonable efforts to accommodate a Customer on less than 12 months prior notice if FortisBC Energy is able, with such shorter notice, to arrange for the firm purchase and firm transportation of Gas under a firm sales Rate Schedule, or transportation under a firm transportation Rate Schedule.

4. Sales

4.1 Sale of Gas

Subject to Section 13 of the General Terms and Conditions of FortisBC Energy (Interruption of Service), FortisBC Energy will sell to the Customer and the Customer will buy from FortisBC Energy at the Delivery Point such quantity of Gas as is required by the Customer for the operation of the Customer's facilities specified in the Service Agreement, estimated to be the maximum quantity per Day set out in the Service Agreement, for the charges and on all of the terms and conditions set out in either this Rate Schedule or the Service Agreement.

4.2 Curtailment

If at any time FortisBC Energy, acting reasonably, determines that it does not have capacity on the FortisBC Energy System to accommodate the Customer's request for interruptible Gas Service under this Rate Schedule, FortisBC Energy may, for any length of time, interrupt or curtail the delivery of Gas to the Customer at the Delivery Point under this Rate Schedule.

4.3 Notice of Curtailment

Each notice from FortisBC Energy to the Customer with respect to the interruption or curtailment by FortisBC Energy of deliveries of Gas to the Delivery Point will be by telephone, by facsimile ("fax") and/or by other electronic means and will specify the quantity of Gas to which the Customer is curtailed and the time at which such curtailment is to be made. FortisBC Energy will make reasonable efforts to give the Customer as much notice as possible with respect to such curtailment, not to be less than 2 hours prior notice unless prevented by Force Majeure.

4.4 Default Regarding Curtailment

The Customer will comply with each notice to interrupt or curtail the Customer's take. If the Customer at any time fails or neglects to comply with a notice from FortisBC Energy to interrupt or curtail the Customer's take, FortisBC Energy may, in addition to any other remedy that it may then or thereafter have, at its option, without liability therefor and without any prior notice to the Customer:

- (a) turn off the valve at the Delivery Point; or
- (b) deliver such Gas and charge the Customer for such Gas consumed on that Day the Unauthorized Overrun Gas charge set out in the Table of Charges.

Original Page R-7.5

4.5 Failure to Comply

If during any one Contract Year the Customer fails or neglects to comply with three notices from FortisBC Energy to interrupt or curtail the Customer's take, unless the Customer provides to FortisBC Energy assurances, to the satisfaction of FortisBC Energy, that the Customer will comply with all further interruption or curtailment notices, FortisBC Energy may, in addition to any other remedy that it may then or thereafter have, at its option and without liability therefor, switch the Customer to a firm Gas sales Rate Schedule, beginning at the commencement of the next following Month. If the Customer and FortisBC Energy do not execute a new Service Agreement pursuant to the firm Gas sales Rate Schedule, from the date of such switch the Service Agreement will be deemed to be a Service Agreement pursuant to the firm Gas sales Rate Schedule, with all necessary changes.

4.6 Maximum Hourly Quantities

FortisBC Energy will not be obliged to deliver in any one Hour more than 5% of the quantity of Gas per Day set out in the Service Agreement.

4.7 Gas Pressure

Where specifically requested by the Customer, FortisBC Energy may agree to deliver Gas to the Customer at the Delivery Point at a minimum pressure specified in the Customer's Service Agreement. The Customer will reimburse FortisBC Energy for costs it reasonably incurs in maintaining such minimum pressure above that set out in the General Terms and Conditions of FortisBC Energy. FortisBC Energy's ability to maintain a minimum pressure at the Delivery Point is subject to FortisBC Energy receiving Gas from a Transporter at the pressure specified in the Transporter's Service Terms.

5. Table of Charges

5.1 Charges

In respect of all quantities of Gas delivered to the Delivery Point pursuant to this Rate Schedule and the Service Agreement, the Customer will pay to FortisBC Energy all of the charges set out in the Table of Charges.

6. Unauthorized Gas Use

6.1 Charges for Unauthorized Service

On any Day the Customer takes Unauthorized Overrun Gas, the Customer will pay to FortisBC Energy the unauthorized overrun charge set out in the Table of Charges.

6.2 Payments Not License

Payments made by the Customer to FortisBC Energy for Unauthorized Overrun Gas neither give the Customer the right to take Unauthorized Overrun Gas, nor exclude or limit any other remedies available to FortisBC Energy for the Customer's taking of Unauthorized Overrun Gas.

7. Term of Service Agreement

7.1 Term

The initial term of the Service Agreement will begin on the Commencement Date and will expire at 7:00 a.m. Pacific Standard Time on the next November 1st provided that if the foregoing results in an initial term of less than one Year, then the initial term will instead expire at the end of one further Contract Year.

7.2 Automatic Renewal

Except as specified in the Service Agreement, the term of the Service Agreement will continue from Year to Year after the expiry of the initial term unless cancelled by either FortisBC Energy or the Customer subject to Section 3.3 (Warning if Switching from Interruptible Transportation Service or Interruptible Sales to Firm Transportation Service or Sales) upon not less than 2 months notice prior to the end of the Contract Year then in effect.

7.3 Early Termination

The term of the Service Agreement is subject to early termination in accordance with Section 11 (Default or Bankruptcy).

7.4 Survival of Covenants

Upon the termination of the Service Agreement, whether pursuant to Section 11 (Default or Bankruptcy) or otherwise:

Order No.: G-135-18 Issued By: Diane Roy, Vice President, Regulatory Affairs

- (a) all claims, causes of action or other outstanding obligations remaining or being unfulfilled as at the date of termination; and
- (b) all of the provisions in this Rate Schedule and in the Service Agreement relating to the obligation of any of the parties to account to or indemnify the other and to pay to the other any monies owing as at the date of termination in connection with the Service Agreement

will survive such termination.

8. Statements and Payments

8.1 Statements to be Provided

FortisBC Energy will each Month, deliver to the Customer a statement for the preceding Month showing the Gas quantities delivered to the Customer and the amount due. FortisBC Energy will, on or about the 45th day after the end of a Contract Year, deliver to the Customer a separate statement for the preceding Contract Year showing the amount required from the Customer in respect of any indemnity due under this Rate Schedule or a Service Agreement. Any errors in any statement will be promptly reported to the other party as provided hereunder, and statements will be final and binding unless questioned within one Year after the date of the statement.

8.2 Payment and Late Payment Charge

Payment for the full amount of the statement, including federal, provincial and municipal taxes or fees applicable thereon, will be made to FortisBC Energy at its Vancouver, British Columbia office, or such other place in Canada as it will designate, on or before the 1st Business Day after the 21st calendar day following the billing date. If the Customer fails or neglects to make any payment required under this Rate Schedule, or any portion thereof, to FortisBC Energy when due, FortisBC Energy will include in the next bill to the Customer a late payment charge of 1.5% per month (19.56% per annum) on the outstanding amount.

8.3 Examination of Records

Each of FortisBC Energy and the Customer will have the right to examine at reasonable times the books, records and charts of the other to the extent necessary to verify the accuracy of any statement, charge, computation or demand made pursuant to any provisions of this Rate Schedule or the Service Agreement.

9. Measuring Equipment

9.1 Facilities and Equipment

FortisBC Energy will install, maintain and operate at the Delivery Point such metering and communications facilities and equipment as FortisBC Energy determines are necessary or desirable for measuring the quantity of Gas delivered pursuant to this Rate Schedule to the Customer and the Customer will permit FortisBC Energy, without cost to FortisBC Energy, to use the Customer's communications lines and power for the purpose of installing, maintaining and operating the measuring equipment of FortisBC Energy. Communication facilities and equipment will be installed at the cost of the Customer.

9.2 Measuring Site

If FortisBC Energy reasonably determines that it is necessary to install the facilities and equipment referred to in Section 9.1 (Facilities and Equipment) on the Customer's property, the Customer will, without charge, provide a suitable site along with utilities and enclosures for the installation of the facilities and equipment of FortisBC Energy. FortisBC Energy will at all times have clear access to the site and to all of its facilities and equipment. All facilities and equipment installed by FortisBC Energy on the Customer's property will remain the property of FortisBC Energy and may be removed by FortisBC Energy upon termination of the Service Agreement.

9.3 Calibration and Test of Measuring Equipment

The accuracy of the measuring equipment of FortisBC Energy will be verified by standard tests and methods at regular intervals and at other times at the initiative of FortisBC Energy or upon the reasonable request of the Customer. Notice of the time and nature of each test conducted in response to communications with or at the request of the Customer will be given by FortisBC Energy to the Customer sufficiently in advance to permit a representative of the Customer to be present. If during a test the measuring equipment is found to be registering inaccurately, it will be adjusted at once to read as accurately as possible. The results of each test and adjustment, if any, made by FortisBC Energy, whether or not the Customer is present for such test, will be accepted until the next test. All tests of such measuring equipment of FortisBC Energy will be made at the expense of FortisBC Energy, except that the Customer will bear the expense of tests made at its request if the measuring equipment is found to be inaccurate by an amount equal to 2% or less.

9.4 Inaccuracy Exceeding 2%

If upon any test the measuring equipment is found to be inaccurate by an amount exceeding 2%, any previous readings of such equipment will be corrected to zero error for any period during which it is definitely known or is agreed upon that the error existed. If the period is not definitely known or is not agreed upon, such correction will be for a period covering the last half of the time elapsed since the date of the last test. Under no circumstances will an adjustment be made for a period of more than the preceding 12 months.

9.5 Correction of Measuring Errors

If the measuring equipment is out of service or out of repair so that the quantity of Gas delivered cannot be correctly determined by the reading thereof, the Gas delivered during the period such measuring equipment is out of service or out of repair will be estimated on the basis of the best available data, using the first of the following methods which is feasible:

- (a) by correcting the error if the percentage of error is ascertained by calibration test or mathematical calculation;
- (b) by using the registration of any check measuring equipment if installed and accurately registering; and
- (c) by estimating the quantity of Gas delivered to the Customer during the preceding periods under similar conditions when the meter was registering accurately.

9.6 Customer's Equipment

The Customer may at its own expense install, maintain and operate its own measuring equipment for the purposes of monitoring or checking the measuring equipment of FortisBC Energy, provided that the Customer will install such equipment so as not to interfere with the operation of the measuring equipment of FortisBC Energy.

9.7 Right to be Present

FortisBC Energy and the Customer will have the right to inspect all equipment installed or furnished by the other and the charts and other measurement or test data of the other at all times during business hours, and to be present at the time of any installing, testing, cleaning, changing, repairing, calibrating or adjusting done in connection with the measuring equipment of the other party, but all such activities will be performed by the party furnishing the measuring equipment.

9.8 Preservation of Records

Both parties will cause to be preserved each test datum, chart and other record of Gas measurement for a period of 2 years.

10. Measurement

10.1 Unit of Volume

The unit of volume of Gas for all purposes hereunder will be 1 cubic metre at a temperature of 15° Celsius and an absolute pressure of 101.325 kilopascals.

10.2 Determination of Volume

Gas delivered hereunder will be metered using metering apparatus approved by Measurement Canada and the determination of standard volumes delivered hereunder will be in accordance with terms and conditions pursuant to the *Electricity and Gas Inspection Act* of Canada.

10.3 Conversion to Energy Units

In accordance with the *Electricity and Gas Inspection Act* of Canada, volumes of Gas delivered each Day will be converted to energy units by multiplying the standard volume by the Heat Content of each unit of Gas. Volumes will be specified in 10³m³ rounded to two decimal places and energy will be specified in Gigajoules rounded to the nearest Gigajoule.

11. Default or Bankruptcy

11.1 Default

If the Customer at any time fails or neglects:

- (a) to make any payment due to FortisBC Energy or to any other person under this Rate Schedule or the Service Agreement within 30 days after payment is due; or

- (b) to correct any default of any of the other terms, covenants, agreements, conditions or obligations imposed upon it under this Rate Schedule or the Service Agreement, within 30 days after FortisBC Energy gives to the Customer notice of such default or, in the case of a default that cannot with due diligence be corrected within a period of 30 days, the Customer fails to proceed promptly after the giving of such notice with due diligence to correct the same and thereafter to prosecute the correcting of such default with all due diligence;

then FortisBC Energy may in addition to any other remedy that it has, including the rights of FortisBC Energy set out in Sections 4.4 (Default Regarding Curtailment), 4.5 (Failure to Comply) and 6 (Unauthorized Gas Use), at its option and without liability therefore:

- (c) suspend further service to the Customer and may refuse to deliver Gas to the Customer until the default has been fully remedied, and no such suspension or refusal will relieve the Customer from any obligation under this Rate Schedule or the Service Agreement; or
- (d) terminate the Service Agreement, and no such termination of the Service Agreement pursuant hereto will exclude the right of FortisBC Energy to collect any amount due to it from the Customer for what would otherwise have been the remainder of the term of the Service Agreement.

11.2 Bankruptcy or Insolvency

If the Customer becomes bankrupt or insolvent or commits or suffers an act of bankruptcy or insolvency or a receiver is appointed pursuant to a statute or under a debt instrument or the Customer seeks protection from the demands of its creditors pursuant to any legislation enacted for that purpose, FortisBC Energy will have the right, at its sole discretion, to terminate the Service Agreement by giving notice in writing to the Customer and thereupon FortisBC Energy may cease further delivery of Gas to the Customer and the amount then outstanding for Gas provided under the Service Agreement will immediately be due and payable by the Customer.
