

Natural Gas Mine Power Generation Incentive Program

Email the completed application form to nqt@fortisbc.com.

Applicant information

Company name		Phone number	
Address	City/town	Province	Postal code
Contact name	Title	Email	

Company Information

Brief description of your company and the mine site (provide operating details, including location of the site, planned life of the mine, history of the mine site, and any other relevant information to the application)

Is your operating service secured by firm, long term contracts? (please include contract terms including timelines and final product destination)

Total power generation required (installed capacity in MW) at the mine site and what portion of that generation is expected to be from natural gas?

What is the expected peak load required for the power generators?

What is the average monthly load? Is the demand for the power generation seasonal? Please provide an average monthly or annual consumption profile by fuel type or energy source.

Price differential calculation

- Price Differential = Price of natural gas power generator (generator + shipping) "minus" Price of diesel equivalent (generator + shipping).
- Please express in pre-tax CAD dollar amounts.
- If you are applying for an incentive for more than one type of generator, enter the generator information in separate rows.
- Attach scanned copy(s) of detailed generator specifications and quotes from the supplier

Power generator brand and model	Expected service life (Yrs)	Quantity	Price differential (\$)	Subtotal
Total	-		-	\$

Annual consumption calculation

-Please provide the generator model, and the annual diesel consumption per generator by generator model.

Power Generator brand and model	Annual diesel consumption	Expected annual KWh generation	Average annual natural gas consumption (GJ) or diesel liters displaced (L) per model	Total Annual Natural Gas consumption
Total				

Proposed On Site Regasification and Storage Plan

Please provide site layout, P&IDs, equipment specifications, design basis memorandums and other design and approvals specifying storage and regasification station on the mine. If you are working with multiple service providers please list them below?

Additional information

Applicants may include additional information which they think may assist FortisBC in evaluating your application.

How did you hear about the Natural Gas Power Generation Incentive Program?

- ☐ FortisBC website ☐ FortisBC sales team ☐ FortisBC press release ☐ Email from FortisBC
- ☐ Social media ☐ Radio ☐ Newspaper/Magazine article (please specify: _____)
- ☐ Industry association (please specify: _____) ☐ Online or print ads (please specify: _____)
- ☐ Other (please specify: _____)

Schedules and attachments

- Detail power generator specifications and quotes from dealer;
- Documentation confirming the amount of the diesel fuel displaced by natural gas. Documentation may include current diesel consumption records, estimate diesel consumption calculation or comparable information;
- Annual or monthly average electrical consumption by fuel type or energy source
- Storage and regasification specifications and approvals

Applicant's declaration

1. I/we certify the information in this Application is accurate and complete and acknowledge FortisBC will be relying on this information to determine, among other things, my/our financial situation and suitability/eligibility for funding through the NGT Vehicle Incentive Program. I/we further agree to provide FortisBC with additional information, upon request.
2. I/we certify we have read and understand all the [eligibility criteria](#) of the program
3. I/we certify we have read and understand all the [terms and conditions](#) of the program, including as contained in the contribution agreement and instruction to the applicant.
4. I/we understand FortisBC and its representative request, collect, retain, disclose and otherwise use information about my/our business operations (whether contained in this Application or obtained by FortisBC from me/us or others, including credit reporting, agencies/credit bureaus, financial institutions, or references I/we have provided) to determine my/our financial situation and suitability/eligibility for funding through the NGT incentive Program, to ensure ongoing compliance with and eligibility with respect to FortisBC funding requirements and obligations, as an aid to identify me/us for credit history file matching purposes and otherwise as permitted or required by law, and I/we hereby consent to such request, collection, retention, disclosure and use.
5. I acknowledge and agree FortisBC may share this Application with its affiliates and with their employees, representative and contractors for the purpose of review, award and implementation of the program.
6. We hereby consent to FortisBC providing our name, contact information and vehicle and fueling requirement details to third party fueling service providers on our behalf to enable them to market their fueling services to us.
7. I/we acknowledge and agree FortisBC and its affiliates, and their respective employees, contractors, consultants and agents (collectively, the "Releasees") will not under any circumstances whatsoever, be liable for any costs, expenses, claims, losses, damages or liabilities (collectively, "Claims") incurred or suffered by me/us as a result of, arising out of, or related to the NGT Incentive Program, including that may arise with respect to the preparation, negotiation, acceptance or rejection of any Application, the cancellation of the Application process or the Program, either before or after submission of Applications or issuance of notice of award. By submitting this Application, I/we hereby waive and release the Releasees from and against any Claims and to indemnify and hold harmless the Releasees against any Claims brought by third parties against the Releasees which arise out of or are related to the Application and award process or the Program generally.
