

Operational Change: Capacity Curtailment Affecting Lower Mainland Customers Is Lifted

December 29, 2021

Capacity Curtailment Lifted:

Effective Thursday, December 30th at 7AM PST, Interruptible customers under Rate Schedules 7, 22, and 27 in Lower Mainland are no longer under a curtailment restriction.

Operational Restrictions across all British Columbia Remains:

The Hold to Authorize remains in affect and Imbalance Return remains at zero for customers located in the Lower Mainland (inclusive of Vancouver Island), Interior, East Kootenay and Columbia regions.

Shippers must bring in enough direct supply to cover their entire customer group demand in order to avoid Unauthorized Over-Run charges. If a Shipper or Group takes gas in excess of the authorized quantity, Unauthorized Over-Run charges will apply. The first 5% of gas taken over the authorized quantity will be charged to the Shipper or Group at the Sumas Daily Price. Gas taken in excess of 5% of the authorized quantity will be charged the greater of CAD \$20.00 per gigajoule or the Sumas Daily Price times 1.5.

FortisBC reserves the right to limit the use of imbalance return or otherwise curtail service. FortisBC continues to monitor the weather and operational conditions across its service regions and will provide as much advanced notice as possible in the event of changes.
