

Action Required Immediately: Interior OBA

August 17, 2022

Effective immediately and until further notice, Shipper Agents representing customers in the INTERIOR must reduce their supply imbalance to the equivalent of ONE DAY'S worth of average customer consumption. Noncompliance will result in further restriction where the entire Interior inventory will be reduced zero.

Reduce your current and next day nomination to EPSQ in order to start drafting immediately. If necessary, Fortis will take steps to reduce Shipper nominations in order to achieve this outcome.

To assist with drafting your accounts, effective today and until such time that the Interior OBA is reduced to our one-day requirement, Imbalance Return will be increased to 60,000GJ (up from 40,000GJ).

Note this posting will be appended to the news flash section of our web site for your future reference:
