

Operational Update – Curtailment Lifted

January 14, 2024

Please be advised, the curtailment for customers under Rate Schedules 7, 22, and 27 in the Lower Mainland and Vancouver Island service areas **will be lifted** effective 7:00AM PST January 15.

The operational restrictions issued on January 9 impacting all transportation customers across the province remains in place until further notice. These restrictions include a Hold to Authorize and Imbalance Return at zero.

As a reminder, Marketers must bring in enough direct supply to cover their entire customer group demand to avoid Unauthorized Over-Run charges.

If a Shipper or Group takes gas in excess of the authorized quantity, Unauthorized Over-Run charges will apply. The first 5% of gas taken over the authorized quantity will be charged to the Shipper or Group at the Sumas Daily Price. Gas taken in excess of 5% of the authorized quantity will be charged the greater of CAD \$20.00 per gigajoule or the Sumas Daily Price times 1.5.

FEI will provide another update tomorrow afternoon.

FortisBC reserves the right to limit the use of imbalance return or otherwise curtail service. FortisBC continues to monitor the weather and operational conditions across its service regions and will provide as much advanced notice as possible in the event of changes.
